TYPE DOUBLE PATENTING REJECTION OVER A PENDING APPLICATION**

Dear Sir:

The owner, International Business Machines Corporation, of the entire interest in the instant application hereby disclaims, except as provided below, the terminal part of the statutory term of any patent granted on the instant application, which would extend beyond the expiration date of the full statutory term defined in 35 U.S.C. 154 and 173, as shortened by any terminal disclaimer filed prior to the grant of any patent granted on pending Application No. 09/687,412, filed on 10/12/2000 and pending Application No. 09/687,414, filed on 10/12/2000, of any patents granted on these pending applications. The owner hereby agrees that any patent so granted on the instant application shall be enforceable only for and during such period that it and any patent granted on the pending applications are commonly owned. This agreement runs with any patent granted on the instant application and is binding upon the grantee, its successors or assigns.

In making the above disclaimer, the owner does not disclaim the terminal part of any patent granted on the instant application that would extend to the expiration date of the full statutory term as defined in 35 U.S.C. 154 and 173 of any patent granted on pending applications, as shortened by any terminal disclaimer filed prior to the patent grant, in the event that any such granted patent:

expires of failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR 1.321, has all claims canceled by a reexamination certificate, is reissued or is in any matter terminated prior to the expiration of its full statutory term as shortened by any terminal disclaimer filed prior to its grant.
